

Water Sensor - WLS-15

Living Worried-free, Without Water trouble

WLS-15 is a wireless water sensor designed to detect and prevent water damage in your vicinity. It offers extra protection to house owners to live in a trouble-free life.

With built-in buzzer, WLS-15 can sound an alert and give you an immediate warning upon detecting water leakage. Two types of detection probes are provided for wall mounting or ground deployment, one of which is an extendable detection probe that can be deployed with different configurations. WLS-15 is compatible with Climax Control Panels and can be flexibly installed in any location to make your home a much safer place to live in.

Features:

- Smart water leak detection
- Two types of detection probes for wall mounting or ground deployment
- Extendable detection probes for different applications and needs
- Built-in alarm for immediate alarm activation
- Detection Method: Resistance Bridge
- Low battery detection
- Complied with CE requirements

Specifications:

- Power: Alkaline AAA batteries x 4
- Radio frequency available: 433 MHz/ 868.6375 MHz Narrow FM/ 868.35 MHz
- Range: 433 MHz: over 200 meters in open space
868.35 MHz/ 868.6375 MHz: over 300 meters in open space
- Battery life: 6 years*
- Operating temperature: -10° to 45°C
- Humidity: up to 85% non-condensing
- Dimensions: 95 X 29.5 X 82.5 mm

* Note: Battery life is calculated at an average of 1 activation per year.
